LETTER ABOUT MISTAKE IN ISSUED PATENT NO. 7,585,130

Applicants have found two errors in the claims of the issued patent, but do not believe the defect rises to the level of requiring a certificate of correction. The errors are identical. They are of such nature that they are readily apparent to one skilled in the art and the meaning intended is obvious from the context. Applicants request that this correspondence be placed in the file, to call attention to the matter in case any question as to it arises in the future

The mistakes are:
In line 1 of claim 2, the word "said" should word "the".
In line 1 of claim 11, the word "said" should be the word "the".

Respectfully submitted,
D. SWISTAK ET AL.
